RETAIL IRIS LIST

BLOOMING SIZE RHIZOMES. Our roots are the largest that can be grown with the best of soils, plenty of fertilizer and good cultivation.

POSTAGE OR EXPRESS. I prepay on all Retail Iris orders amounting to \$1.00 or more. For a single rhizome add 10 cents, for 2 rhizomes add 15 cents, for 3 or more rhizomes add 20 cents and I will prepay the postage. Certainly if one rhizome sells at \$1.00 you add nothing, but a 15 cent Iris would cost you 25 cents prepaid.

VISITORS can place orders for Irises during blooming season providing order amounts to \$1.00 or more. A deposit of \$1.00 is required on orders of \$4.00 or less and 25% on orders of over \$4.00. Balance due when goods are called for.

C. O. D. Goods from Retail Iris list may be sent C. O. D. providing \$1.00 is sent on orders of \$4.00 or less and 25% on orders over \$4.00. No deviations from this rule.

SECOND CHOICE. Late in season it is very important that you make a second choice as we do not substitute unless requested to do so. All orders are filled in turn and subject to prior sale.

CULTURAL DIRECTIONS. Plant Iris with the rhizome barely covered. The very best time is from July 15th to Aug. 15th. For Southern States later is better on account of the dry weather earlier. Iris may be planted in North until ground freezes but must be mulched if planted too late for roots to take hold. The poorest time to plant Iris is while in bloom.

RATINGS. These ratings have all been taken from the American Iris Society's Bulletins: 1922, 1927, 1932 and 1933. The score card is constantly becoming more rigid as the years advance. For this reason we are giving you the year that each rating was given. As an example of the different years' ratings: Lent A. Williamson in 1922 was 96, in 1927 was 88 and in 1932 was 75. Not all varieties will vary in the same ratio. We use the latest rating except that in 1932 a great many ratings were by one judge only in which case we give the 1927 rating given by five or more judges.

EXPLANATION of figures preceding Iris names. The first two are the ratings on basis of 100. The next two are the years in which the rating was given. The figures in parenthesis denote the number of judges giving the rating. Where the third pair of figures is blank it denotes that there were five or more judges. Where no rating is given the variety has not been rated.

ABBREVIATIONS. The Star (*) indicates fragrance. T., Med. & Low, refer to height, meaning Tall, Medium and Low. E., MS., and L. refer to season of bloom, meaning, Early, Mid-season and Late

TIME OF SHIPMENT of Iris rhizomes from July 15th until ground freezes, usually Nov. 10th. Rhizomes July 15th are about half the size of Sep. 1st and later.

HOW TO MAKE OUT YOUR ORDER. Arrange the names in columns with price after same so you can add up same and see that total amount corresponds to your remittance.

Do not use the ratings or color descriptions on your orders. If you want prompt service arrange alphabetically and do not mix Iris from wholesale list or Half price Bargain list in with the Retail order. Use a separate sheet of paper. It need not be one of our order blanks. Any paper will do. Poppies and Peonies should also be on separate orders from Iris as they are sent later.

MIXED IRIS 50 for \$1.00

ASSORTED varieties, many colors, our selection, not labeled, at \$2.00 per 100. Postage or express paid by customer when received.

ASSORTED varieties, many colors, our selection, not labeled, at \$1.00 per 50. Postage or express paid by customer when received.

IRIS HALF PRICE BARGAIN LIST

TERMS. In order to buy these roots at half price, read the following carefully. Select only one root of a variety. Select enough varieties to make the order total \$4.00 or more for which you send us \$2.00 or one half of the total. Arrange names in columns alphabetically with price after each name. Add up your column of figures and send us one half of the total. Do not use the rating nor the Color descriptions in your orders. Names and prices are all that is wanted. The Retail list will give you the details of each Iris in this list. You can have Iris from Retail list sent in same package with Bargain list or Wholesale list but you must have the amount of Bargain list as specified. No extra charge is made on single roots from Retail list when sent with a Bargain list order.

PLEASE add a few names as second choice so you will be sure to have a \$4.00 order in case we are out of several varieties late in season. If you want more than one root of a variety order it from retail list or from wholesale list if you find it there.

WE HAVE BEEN SELLING for several years now Peony plants three and more years old with soil attached. Our soil has enough clay in it that at proper time we can dig Peonies with a clump of soil about the size of a bushel basket. We deliver to Toledo homes in this manner and if soil is kept in tact until planted your Peony will bloom following year same as in our fields saving you 3 years time. If you will visit our place during blooming time you can select the identical plants you wish and we will save them for you. Each three year old plant makes 3 to 5 divisions as regularly sold. **PRICE** of clumps with soil is four times the price of single divisions plus \$1.00 extra for digging and delivery.
